I am on the DSA Register of approved driving instructors.

This means that I have satisfied the DSA that I do not have a criminal record (CRB Check). That I have a good knowledge of the theory of teaching safe driving and of the law on driving matters. That I am an excellent driver, and that I teach to a satisfactory level.

First became a member of the Institute of Advanced Drivers in 1969

This means that I have driven to a very high standard for over three decades.

Since passing my Driving Test I have driven in a professional capacity for a distance of about 2.5 million miles.

Consequently I have a vast experience of driving in all conditions snow and ice to bright sunshine, day or night on Motorways, country Lanes or busy High Streets. I enjoy passing that knowledge to others

I have taken the City and Guilds course No 7302 on the Certificate in Delivering Learning Introduction Level 3

This means that I have a good understanding of how a lesson should be structured, and the processes of learning.

I have two Sons who are in their forties, and two Grandsons and two Granddaughters who are all in their early twenties.

Consequently I am able to understand the needs and relate to most age groups

I subscribe to the DSA Code of Practice for Approved Driving Instructors

This means that I agree to behave in a professional manner. Respect my Pupils. Avoid Physical contact. Act in any way that contravenes legislation on discrimination.

On a recent survey of my pupils they all said that.

- 1. That I was punctual*
- 2. That my car was clean and easy to drive.*
- 3. That I gave them confidence*
- 4. That my lessons were simple straightforward and easy to understand*
- 5. That I was friendly polite business like and **patient***
- 6. That they would have no hesitation in recommending me to other people.*
